

Headquarters at Plot 15 Yusuf Lule Road, P.O Box 36316, Kampala, Uganda

THE UGANDA NATIONAL OIL COMPANY LIMITED (UNOC) IS RECRUITING

The Uganda National Oil Company (UNOC) Ltd was established under the Petroleum (Exploration, Development and Production) Act and the Petroleum (Refining, Conversion, Transmission and Midstream storage) Act, both of 2013 and incorporated under the Companies' Act, 2012. It is a limited liability company wholly owned by the Government of Uganda.

The overall function of UNOC is to handle the State's commercial interests in the Oil and Gas industry and ensure that the resource is exploited in a sustainable manner.

UNOC now invites applications from persons interested to develop their career with a dynamic results-oriented Company to occupy the following position:

JOB TITLE: Exploration Geologist
REPORTS TO: Geologist Specialist
JOB PURPOSE: Responsible for identifying and evaluating potential oil and gas deposits, using geological techniques.

Essential Duties;

1. Participate in geological data acquisition, interpretation and evaluation to generate quality hydrocarbon plays, prospects and leads.
2. Participate in evaluating and ranking the resources, risks and uncertainties of the prospects to be drilled and suggest exploration and development programs.
3. Develop subsurface static reservoir models to understand structure, reservoir characteristics and petroleum quality and quantity.
4. Assist in planning exploration wells.
5. Participate in the estimation of the petroleum resources/Reserves and classify the Company's resource portfolio with prudent classification frameworks.
6. Evaluate Partners' technical proposals and participate in meetings with Partners and Authorities, when required.

7. Participate in the quality control, storage and management of geological data and physical field samples that relate to exploration areas.
8. Participate in the preparation of applications for petroleum exploration licenses, and evaluation of geological work programs and other technical proposals.
9. Assist in the development of operational procedures for E&P operations and in ensuring that all operations are conducted according to approved procedures.
10. Perform any other duties assigned by the supervisor.

Qualifications and attributes;

- a) Bachelor's Degree (Hons) in Petroleum Geosciences or any relevant degree.
- b) Master's Degree in Petroleum Geosciences or any other relevant master's degree will be an added advantage.
- c) Minimum 3 years' experience in Oil and GAS industry.
- d) Be skilled in integrated reservoir modelling. Have knowledge of Exploration and development operations, Health & Safety standards and operational procedures.
- e) Hands-on experience in geological analysis and integration software suites, such as PETREL.

Application procedure:

Completed and signed Application Forms together with **certified** copies of academic certificates should be addressed and submitted in TRIPLICATE to the address below by 17:00 hours (5:00pm EAT) not later than **Friday, 22nd March 2019.**

Applications delivered through courier or post office will also be received. Applications **must** include a cover letter, application form and supporting documents.

While we thank you for your interest, **only shortlisted** candidates will be contacted. Any form of lobbying will lead to automatic disqualification.

UNOC is an equal opportunity employer. Applicants from the Albertine Graben are encouraged to apply.

The Job Details and Application Form can be downloaded from **Careers** at www.unoc.co.ug
